THE PROGRAM

Entering its fourteenth year, the Shore Select Soccer School strives to help each participant reach his/her potential as a player by creating a challenging training environment and providing competitive match situations. All campers will be active participants in all training exercises. We emphasize a strong foundation in basic skills. The basic skills will be applied toward game situations. The program provides positive coaching techniques that will help players walk away with increased self-confidence. A staff of college and high school coaches, as well as college players, will ensure a positive experience for each camper.

The instruction will focus on:

- Grouping players by age and ability
- Skill development
- Positional play
- Small sided games
- Physical fitness
- Discussion of rules and theories
- Goalkeeper instruction

Mini-Camp: (5 & 6 year-olds)

These sessions will focus on introducing children to the game of soccer. Each micro-session will include: ball skills; technical skills and small-sided games.
